Dear Mrs. Wald:

I have recently been informed of your availability to participate in our first National Executive Institute. I am pleased that you have agreed to take time off from your numerous professional commitments to address this most important training session.

In its desire to seek workable solutions to contemporary police problems, the Federal Bureau of Investigation is making every effort to assemble knowledgeable individuals from both the academic and law enforcement communities to address this Institute. Your expertise and continuing contributions to the study of Juvenile Justice are well recognized.

REC-522-116659-124  
It is our hope that the National Executive Institute will eventually function on a continuing basis as the primary training forum for Police Chief Executives. In conjunction with this ultimate goal, we have received the enthusiastic endorsement of the Major Cities Chief Administrators of the International Association of Chiefs of Police. 3 APR 20 1976

We would appreciate your participation as a panel member on the morning of May 6, 1976, to discuss the recommendations of the recently concluded Juvenile Justice Standards Project. The panel is scheduled to commence at 8:15 a.m. and terminate at 12:15 p.m. The other distinguished members of the panel include [REDACTED]
